DNA TEST FOR PROGRESSIVE RETINAL ATROPHY (CORD1)

Registered Name: Waldmeister Samuel

Registration Number: AK04788201

Microchip/ Tattoo Number: 985170000855614

Breed: **Miniature Wire-Haired Dachshund**

This dog is CLEAR of the CORD1 mutation

Authentication code: AC2485420

Explanation of terms:

This dog has 2 copies of the normal gene and will neither develop PRA caused by the CORD1 mutation, nor pass this mutation to its offspring. This mutation has been shown to be sufficient to cause PRA in the lines originating from UK breeding stock used in our research. However, other factors may delay the effects of the CORD1 mutation in some dogs.

Result authorised by: Dr. N. G. Holmes (Genetic Services Manager)
